

## Our New Trainee

My name is Trevor Garrity. I grew up in Northcliffe and completed my schooling at NDHS and MSHS. I've worked in various industries over the years including mining, construction and maintenance, farming, and teaching English as a second language.

Travelling has always been an interest of mine. I have worked the EU festival circuit building concert tents, teaching English in Moscow and trained martial arts with Brazilians from the favelas. After travelling and working around the world I returned to settle back into my hometown.

I have completed a Cert 4 in Digital Media Technologies and have always had an interest in computers and technology.

I look forward to helping you at the CRC on Mondays, Tuesdays and Fridays.

### Northcliffe Business Directory

The CRC maintains an online directory for Northcliffe. Visit [northcliffe.org.au](http://northcliffe.org.au) and use the menu to see our business and community directories. All the contact details for community organisations, and local businesses in one place! If your business or group isn't listed, stop by. We can add you for free.

### Paying too much for phone?

With household costs set to rise, now might be the time to check that you're not paying too much for your landline phone. \$55 per month covers Telstra's 'Ultimate Voice' plan. Pensioners may be eligible for the \$27 per month 'Home Phone Essential' plan. If you're paying any more than that please ring your provider or stop in at the NCRC for advice on changing.

...where the heart is  
...wherever I lay my hat  
...where you make it
