

New Business Assistance with NEIS can provide support **and an income for 9 months** to people while they start their own business or refocus an existing micro-business. NEIS is not just for JobSeeker recipients.

- ⇒ accredited small business training
- ⇒ personalised mentoring and support from a NEIS provider
- ⇒ NEIS Allowance for up to 39 weeks and
- ⇒ NEIS Rental Assistance for up to 26 weeks (if eligible).

Our information session will be a short presentation followed by a Q&A with local NEIS providers: Business Foundations.

Register your interest in attending and submit any questions you have in advance and we can make sure the NEIS experts on hand have answers ready for you. Questions can also be asked on the day

Register your interest in attending at ncrc@northcliffe.org.au

Proof of Vaccination

If you haven't yet gotten your proof of vaccination, we can help you at your local CRC for **FREE**. We can:

- Create an email address for you
- Help you register with myGov
- Help you link your myGov and Medicare account to get proof of vaccination
- Install and set up the myGovID app
- Install and set up the ServiceWA app

Various forms of ID and information are required for each set up, you can ring the CRC or drop in to find out what these are.

We have helped so many people that we have become quite the experts!

Here are a few tech-tips for ServiceWA, MyGovID and MyGov:

Can 2 People Share an Email or Phone?

You can't use one email address for more than one myGov account. This is a problem for some partners sharing an email address.

Another challenge for some couples: you can only store 1 myGovID on a single phone. For this reason partners sharing a phone cannot both use the ServiceWA app.

One alternative for 2 people sharing a phone is to use SafeWA for checking in and the Medicare app to store vaccine certificates. You will both need to carry ID if you use this alternative solution.

ServiceWA App Gotchas

You will only be able to import your vaccine certificate to the ServiceWA app if:

- you use an up to date iphone 6s or later (running iOS 14+), or;
- you use a phone running Android 10 or later. *If you use a Samsung phone you will need to change your default browser app to Chrome.*
