

NEIS information session

February 2022

Do you have a great business idea?

New Business Assistance with NEIS can provide support **and an income for 9 months** to people while they start their own business or refocus an existing micro-business. NEIS is not just for JobSeeker recipients.

- ⇒ accredited small business training
- ⇒ personalised mentoring and support from a NEIS provider
- ⇒ NEIS Allowance for up to 39 weeks and
- ⇒ NEIS Rental Assistance for up to 26 weeks (if eligible).

Our information session will be a short presentation followed by a Q&A with local NEIS providers: Business Foundations.

Register your interest in attending and submit any questions you have in advance and we can make sure the NEIS experts on hand have answers ready for you. Questions can also be asked on the day.

How much will I paid in the NEIS scheme and for how long?

Do I have to be unemployed to access the NEIS scheme?

What help will I get to start my business?

How will NEIS effect my Disability Support Pension?

?? SUBMIT YOUR OWN QUESTIONS IN ADVANCE ??

Final time and date details TBD. Register your interest in attending at ncrc@northcliffe.org.au, 0455 438 890, or in person at the CRC.

a little CRC

After a relaxing 9 day break the Northcliffe CRC is open again at our usual times. And while we may be jealous of the masses enjoying the sunshine at Windy we are very much appreciating our air conditioning.

Our Westnet ADSL has been holding the CRC back for many years. So, while we waited for Starlink, we decided to upgrade to a Telstra Mobile Internet solution.

So far it's great. Our download speed is about 5 times faster and our upload speed is about 30 times faster! The results in the image are from this new internet connection.

All CRC users, and those using our wifi hotspot, will now enjoy much faster internet. Performing youtube uploads, uploading photos and videos, and performing icloud backups, will now be possible. We should also have a better experience if we are inundated by kids all wanting to get online at the same time, in the coming school holidays.

Our internet will improve again, by an order of magnitude, once the Starlink connection arrives. Sadly, we recently found out our Starlink internet connection would be delayed by up to 12 months. The company is having trouble building enough customer equipment to fulfil around 1 million sign ups.

Starlink is a new internet technology being rolled out across the world, to deliver world class internet speeds to remote locations everywhere on earth.
